

# What's next?

## ANTARCTICA INSYNC

Intergovernmental  
Oceanographic  
Commission

2021 United Nations Decade  
of Ocean Science  
2030 for Sustainable Development

COMNAP  
Council of Managers  
of National Antarctic Programs

INTERNATIONAL SCIENCE COUNCIL  
SCAR  
SCIENTIFIC COMMITTEE ON ANTARCTIC RESEARCH

# Upcoming events

- Antarctica InSync, SOOS, and Meteor events as part of the **United Nations Ocean conference** in Nice, France (June)
- **ATCM meeting**, Milan (June/July)
- Second interactive webinar in the second week of September to discuss within each theme
- In-person meeting at ESRIN to finalize the science plan: 3-6<sup>th</sup> November (Save-the-date!)

# Suggest Working Groups

- Get in touch with the coordination team and national contacts to **propose working groups** within the themes or as cross-cutting working group.
- We will provide **mailing lists** for each theme and each working group and share these lists with our Newsletter to the community (please sign up)
- Meet in the working groups regularly to develop a **science plan / white papers** for Antarctica InSync and discuss **expeditions and proposals**
- Identify a set of key variables from the **Essential Climate / Biodiversity / other Variables** to be collected jointly
- Identify **key processes** to be observed to improve models and validate remote sensing data
